

[MASTER PLAN OF THE FACULTY OF MARINE AND ENVIRONMENTAL SCIENCES]

The Master Plan Committee of the Faculty of Marine and Environmental Science has agreed to approve the initial elements of the Plan (Validity, Mission, Vision and Values).

VALIDITY OF THE MASTER PLAN

Since January 2016 to January 2020.

MISSION OF THE FACULTY OF MARINE AND ENVIRONMENTAL SCIENCES (What we are at present)

The Faculty of Marine and Environmental Sciences of the University of Cádiz is a higher education establishment dedicated to the study, research, development, innovation and comprehensive training of professionals in Marine and Environmental Sciences. Its strategic geographical location and its ability to relate to the environment define it as a community of people committed to the generation, transfer and dissemination of knowledge.

VISIÓN OF THE FACULTY OF MARINE AND ENVIRONMENTAL SCIENCES (What we want to be in the year 2020)

The Faculty of Marine and Environmental Sciences of the University of Cádiz must be an international reference establishment in training, research and dissemination of knowledge in the environmental and marine scope. It pretends to be an agent of value creation in society and increase its presence in decision-making circles through an efficient, participatory and flexible organization capable of attracting talent and external resources.

VALUES OF THE FACULTY OF MARINE AND ENVIRONMENTAL SCIENCES

The Faculty of Marine and Environmental Sciences assumes, as own values of the Faculty, the following of the University of Cádiz:

Effort, Responsibility, Honesty and Professionalism.

Equality, Justice and Equity.

Participation, Plurality.

Transparency, Continuous Improvement, Efficacy and Efficiency.

And it adds to those already mentioned: Critical Spirit, Independence and Sustainability.
